

## Invitation

The organizing committee of laboratory COBRA will be very pleased to welcome you for the 13<sup>th</sup> Anglo-Norman Organic Chemistry Colloquium - ANORCQ which will be held in the beautiful town of Rouen in Normandy (France). Initiated by Stuart Warren (University of Cambridge) and Pierre Duhamel (University of Rouen) in 1991, ANORCQ has evolved as a biennial colloquium gathering organic chemists on both sides of channel whose setting alternates between France (Rouen, Caen and le Havre) and England (Southampton, Norwich and Cambridge).

**Local organizing committee:** Pr. Thierry Besson, Dr. Jean-François Brière, Pr. Thomas Lecourt, Dr. Sylvain Oudeyer, Dr. Cédric Schneider

**Scientific committee:** Pr. Vincent Dalla (Univ. Le Havre), Pr. David C. Harrowven (Univ. Southampton), Dr. Jacques Maddaluno (Univ. Rouen), Pr. Jacques Rouden (Univ. Caen), Dr. G. Richard Stephenson (Univ. Norwich)

## Scientific Program

The scientific program will be organized as a single session encompassing 8 plenary lectures of international speakers, 5 invited lectures from the ANORCQ Network and flash oral communications (5 minutes) with a posters session. The aim of the ANORCQ meeting is to elicit stimulating discussions and exchanges between attendees, from academic and industrial backgrounds, interested in various facets of organic chemistry, and also to stimulate an active participation of the graduate students from both sides of the channel through short oral presentations and posters.

**Main Topics:** Organometallic Chemistry - Organo- and Metallocatalysis - Target Oriented Synthesis – Heterocyclic and Heteroatom Chemistry - Synthetic Methodology - Molecular Machines – Asymmetric Synthesis

## Plenary lectures

**Dr. Didier Bourissou**

University of Toulouse  
LPPB - France

**Pr. André Charette**

University of Montréal  
Canada

**Pr. Scott E. Denmark**

University of Illinois  
USA

**Pr. David A. Leigh**

University of Manchester  
England

**Pr. Paolo Melchiorre**

ICIQ Tarragona  
Spain

**Pr. Cristina Nevado**

University of Zürich  
Switzerland

**Pr. Erik Van der Eycken**

University of Leuven  
Belgium

**Pr. Jieping Zhu**

EPFL Lausanne, LSNP  
Switzerland

## Invited speakers

**Dr. Richard Stephenson**

University of East Anglia  
England

**Dr. Catherine Taillier**

University of Le Havre  
URCOM, France

**Pr. Carlos Afonso**

University of Rouen  
COBRA, France

**Dr. Jérôme Blanchet**

University of Caen  
LCMT, France

**Dr. Steve Goldup**

University of Southampton  
England

## Key dates & Contact

Opening of submissions / registration: January 2016

Deadline for abstract submission: March 1<sup>st</sup>, 2016

Deadline for early registration: March 1<sup>st</sup>, 2016

Contact: [anorcq@univ-rouen.fr](mailto:anorcq@univ-rouen.fr)

**Conference registration** will take place on sunday April 24<sup>th</sup> from 2 to 5 pm at the faculty of medicine and pharmacy at Rouen.

### Registration fees<sup>1</sup>

Student and post Doc (except students from Normandy) <sup>2</sup>	60 €
Academic	150 €
Industrial	300 €

(1) **Registration fees** include congress documentations, coffee breaks, lunches, welcome Cocktail and conference dinner.

(2) **Student fees for those studying in Normandy** are covered by the Région Normandie.

**Conference venue.** The colloquium will take place at the faculty of medicine and pharmacy in Rouen (22 boulevard Gambetta, 76000 Rouen, [Faculty Site](#)). The conference venue is at 15 minutes walk from the historical center of Rouen (surrounding the cathedral) and close to the Seine river. Many hotels are located in the area even within walking distance. The bus station 'Martainville' is close-by and reachable by several buses ([TCAR](#)).

**Public conference as a preamble.** Before the official opening ceremony of ANORCQ 13, on sunday April 24<sup>th</sup>, a public lecture will be given by Professor Marcel Hibert between 4 to 5 p.m. Professor [Marcel Hibert](#), originated from the university of Strasbourg, will give a presentation (in French language) with an interesting perspective: 'In the shadow of Eros: chemistry of Love?' or 'A l'ombre d'Eros : chimie de l'Amour ?'...you are all welcome to this public-opened session.
